RE: Withdrawal of bid

Dear Mr. Gomez:

We ask that our bid be withdrawn from consideration on the above mentioned project. A mistake that was made in our bid makes the bid materially different than intended and would make it impossible to complete your contract without serious financial harm to our company. This mistake would amount to an increased cost of more than 40% of the overall contract value. The mistake was made in filling out the bid and not due to error in judgment or to carelessness in inspecting the site of the work, or in reading the plans or specifications.

We request that we are afforded the opportunity to withdraw our bid without penalty and allow the City to award this work to the next lowest bidder and not delay this important project.

I would be happy to discuss this matter further should you require any additional information or action on our part. Please notify as soon as possible with the City's decision on this matter.

Sincerely,

Chuck Parsons
