20. This Order is issued to prevent circumstances often present in gatherings that may exacerbate the spread of COVID-19, such as: 1) the increased likelihood that gatherings will attract people from a broad geographic area; 2) the prolonged time period in which large numbers of people are in close proximity; 3) the difficulty in tracing exposure when large numbers of people attend a single event or are at a single location; and 4) the inability to ensure that such persons follow adequate hygienic practices.
21. This Order is issued to provide additional opportunities for recreational activities while also requiring additional protections from the spread of COVID-19 to the public who are taking advantage of these opportunities for recreational activities. And providing additional protections for employees of essential businesses or reopened business and their customers/clients.

23. This Order comes after the release of substantial guidance from the Health Officer, the California Department of Public Health, the CDC, and other public health officials throughout the United States and around the world.
24. The statement of facts and circumstances set forth as justification for each Guidance issued by the California Department of Health Services that is referenced in this Order are hereby accepted and incorporated by reference into this Order.
25. Pursuant to Health and Safety Code section 120175.5 (b) all governmental entities in the county shall take necessary measures within the governmental entity’s control to ensure

compliance with this Order and to disseminate this Order to venues or locations within the entity's jurisdiction where gatherings may occur.

26. Violation of this Order is subject to fine, imprisonment, or both. (California Health and Safety Code section 120295.)
27. To the extent necessary, this Order may be enforced by the Sheriff or chiefs of police pursuant to Government Code sections 26602 and 41601 and Health and Safety Code section 101029.
