EXECUTIVE SUMMARY

The City of Chula Vista (the "City") established Assessment District No. 87-1 to finance the acquisition of street (including utilities) and storm drain improvements, reclaimed water facilities, sewer service facilities, and a portion of the capacity of major sewer mains. The City also formed Assessment District No. 88-2 to finance the acquisition of public works, including street, water, sewer, drainage and utility improvements. Limited Obligation Improvement Bonds were issued for both Assessment District No. 87-1 and Assessment District No. 88-2 (collectively, the "Original Bonds"), representing the unpaid assessments, in accordance with the Improvement Bond Act of 1915.

In 2005, the City consolidated and reassessed Assessment District No. 87-1 and Assessment District No. 88-2 as Reassessment District No. 2005-1 (the "Reassessment District"), and authorized the refunding of the Original Bonds by the issuance of its \$3,525,000 Reassessment District No. 2005-1, 2005 Limited Obligation Refunding Bonds (the "Refunding Bonds") pursuant to the Refunding Act of 1984 for 1915 Act Improvement Bonds, which served as local obligations to the \$93,930,000 Chula Vista Public Financing Authority's Revenue Refunding Bonds, Series 2005A (the "Revenue Bonds") under the Marks-Roos Local Bond Pooling Act of 1984.

The Refunding Bonds matured with the final scheduled debt service payment on September 1, 2014. Following the final debt service payment, surplus fund balances remained on behalf of the Reassessment District.

The City retained NBS to review and perform an assessment district closeout analysis and prepare an Assessment District Closeout Analysis and Findings Report (the "Closeout Report") for the Reassessment District. The Closeout Report summarizes the recommendations for the disposition of the remaining funds in accordance with applicable laws and documents for the Refunding Bonds and the Revenue Bonds.

The Reassessment District fund balances used to prepare this Closeout Report totaled \$895,962.21, as of April 11, 2017. NBS has determined that the City should refund \$533,078.64 of this amount to property owners within the Reassessment District, and use \$306,949.09 for the maintenance of the improvements within the Reassessment District. The remaining \$55,934.48 has been deemed necessary to pay unreimbursed administrative expenses of the Reassessment District, as well as the administrative expenses involved in preparing the Closeout Report and processing and mailing refund checks to the property owners within the Reassessment District.

As part of the closeout, NBS conducted an analysis of the special assessment payments to determine any Reassessment District delinquencies. Per San Diego County's property tax records, two parcels in the Reassessment District are delinquent in the payment of special assessments, totaling \$124.78. NBS recommends that any refunds due to these delinquent property owners be withheld until the property owners pay the delinquent installments. Such refunds to be withheld total \$31.82.

The Refunding Bonds are not subject to arbitrage rebate regulations, as any rebate liability falls to the Revenue Bonds. As there is no such liability on the Reassessment District funds, the City can issue refunds to property owners within the Reassessment District, as directed in this Closeout Report.

2 - City has indicated the amounts will be used for maintenance of the improvements, with \$36,182.20 for Assessment District No. 87-1 and \$48,004.11 for Assessment District No. 88-2.

2. DISPOSITION OF FUNDS

2.1. Reserve Account

Pursuant to Section 8885 of the California Streets and Highways Code, a surplus in the reserve fund that exists after the retirement of all outstanding bonds should be apportioned to each parcel upon which the individual assessment remained unpaid at the time the balance in the reserve fund was sufficient to retire all outstanding bonds. The payments shall be made in cash to the respective owners of the parcels except that, if the excess is less than \$1,000, the excess may be transferred to the general fund of the public agency conducting the proceedings.

Since the Reserve Account balance exceeds \$1,000, the full amount in the Reserve Account, or \$144,267.90 after rounding adjustments, should be refunded to those owners of property whose assessments were still active, i.e., not paid-off, when the final debt service payment was made on September 1, 2014. The amount to refund to each active parcel is based upon the ratio of each active parcel's original reassessment to the total original reassessment for all active parcels in the Reassessment District.

2.2. Reassessment Funds

Pursuant to Section 3.03 of the Bond Indenture for the Reassessment Bonds, a Reassessment Fund was established to the credit of which the fiscal agent deposited all reassessment revenues received by the fiscal agent from the City, after the deduction by the City of annual administrative expenses.

Two reassessment funds were created upon the issuance of the Reassessment Bonds: Reassessment Fund (87-1) and Reassessment Fund (88-2), within which was deposited reassessment revenues received from the portion of the Reassessment District comprising Assessment District No. 87-1 and Assessment District No. 88-2, respectively.

NBS recommends the City refund the remaining balance in Reassessment Fund (87-1), minus the unrecovered administrative expenses of the City, shown in Section 1, to the property owners comprising the Assessment District No. 87-1 portion of the Reassessment District. The amount to refund to each parcel is based upon the ratio of each parcel's original reassessment to the total original reassessment for all parcels comprising the Assessment District No. 87-1 portion of the Reassessment District. The total remaining amount the City should refund to all property owners of parcels within the Assessment District No. 87-1 portion of Reassessment District is \$4,594.46, after adjusting for rounding.

NBS recommends the City refund the remaining balance in Reassessment Fund (88-2), minus the unrecovered administrative expenses of the City, shown in Section 1, to the property owners comprising the Assessment District No. 88-2 portion of the Reassessment District. The amount to refund to each parcel is based upon the ratio of each parcel's original reassessment to the total original reassessment for all parcels comprising the Assessment District No. 88-2 portion of the Reassessment District. The total remaining amount the City should refund to all property owners of parcels within the Assessment District No. 88-2 portion of Reassessment District is \$384,216.28, net of rounding adjustments.

2.3. Redemption Fund

Pursuant to Section 8784 of the California Streets and Highways Code, a surplus in the Redemption Fund that exists after the retirement of all outstanding bonds should be distributed in the following order:

- (1) Repayment to the agency of any funds advanced, less its recovery on the sale or redemption of the properties assessed and costs incurred.
- (2) Repayment to persons paying supplemental assessments.
- (3) Proportional credit to the final annual assessment levies with a refund given to paid-off assessments.
- (4) The balance transferred to the general fund of the agency.

NBS has reviewed the legal documents for the Reassessment District's Refunding Bonds and has determined that there are no additional instructions for, or limitations upon, the disposition of the Redemption Fund surplus. Since, the final annual levy was performed in Fiscal Year 2013/14, NBS recommends the City transfer the remaining funds held in the Redemption Fund, less any closeout fees and administrative expenses, to its General Fund. The total remaining amount the City should transfer to the General Fund is \$84,186.31, which the City has stated will be earmarked for the maintenance of the improvements within the Reassessment District.

2.4. Improvement Funds

Pursuant to Section 10427 of the California Streets and Highways Code (the "Code"), any surplus in the Improvement Fund shall be used for one or more of the following purposes:

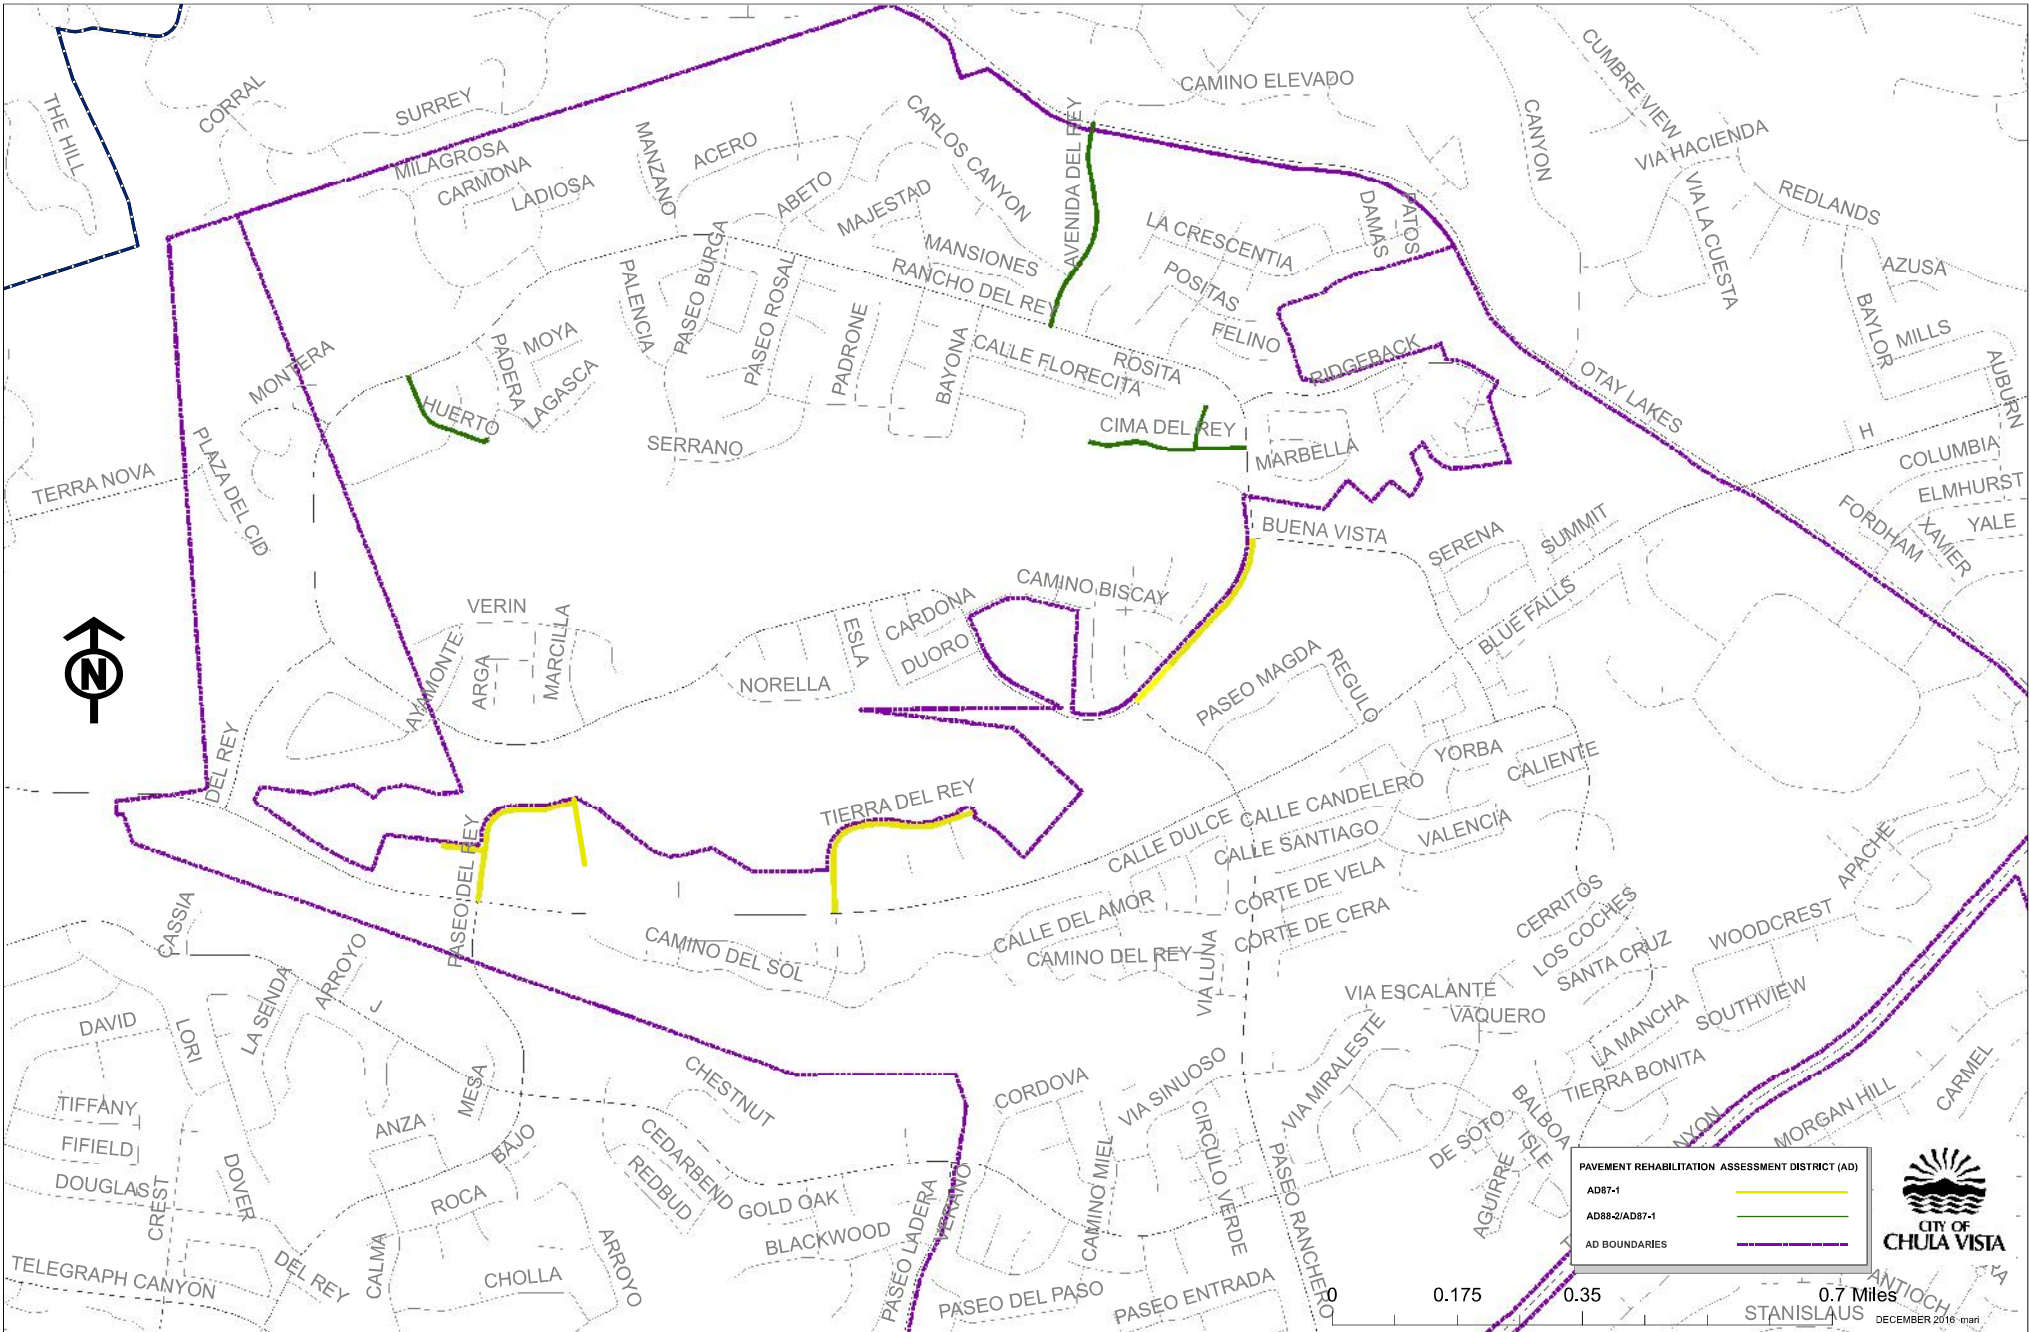

- (1) For transfer to the general fund of the City, provided that the amount transferred shall not exceed the lesser of one thousand dollars (\$1,000) or 5 percent of the total amount expended from the improvement fund.
- (2) As a credit upon the assessment and any supplemental assessment.
- (3) For the maintenance of the improvement.
- (4) To call bonds, thereby reducing outstanding assessments and subsequent assessment installments.

The City has expressed its desire to use the remaining improvement funds for the maintenance of the improvements within the Reassessment District. As such, there is \$126,838.76 in the Improvement Fund established for Assessment District 87-1 that can be used for the maintenance of the improvements authorized within Assessment District 87-1, and \$95,924.02 in the Improvement Fund established for Assessment District 88-2 that can be used for the maintenance of the improvements authorized within Assessment District 88-2.
