"My name is Blanca and I'm a Chula Vista resident, bicycle rider and mom. I support the Vision Zero goal to end all traffic fatalities and serious injuries in Chula Vista because no loss of life is acceptable. However, Vision Zero needs to have a timeframe in order to mean anything, otherwise there is no end in sight. Please update the Vision Zero resolution to add an end year when the goal will be met. I support Vision Zero and ending all traffic fatalities and serious injuries by 2030. Thank you."

I am Lisa Saliers and I'm a Chula Vista resident.

I support the Vision Zero goal to end all traffic fatalities and serious injuries in Chula Vista.

No loss of life is acceptable, whether as pedestrian, bike or vehicle.

To mean anything Vision Zero needs to have a timeframe.

Otherwise it is not a SMART goal and we will never feel the real urgency needed to reach it.

Please update the Vision Zero resolution to add a target date for the goal.

I support Vision Zero and ending all traffic fatalities and serious injuries by 2030.

We do not need to reinvent the wheel in order to do this either. Simple, logical and cost effective updates to design and planning of our streets and neighborhoods will result in less injuries and fatalities.

My family and I support Vision Zero and ending all traffic fatalities and serious injuries by 2030.

Thank you.

My name is Maya Rosas, I'm the Director of Policy for Circulate San Diego. I support the adoption of a Vision Zero resolution, however it must have a timeframe in order to have any meaning. Vision Zero, the goal of ending all traffic fatalities and serious injuries, aligns with Chula Vista's Climate Action Plan goals, and furthers public safety and public health.

According to the national Vision Zero Network, one of the minimum standards for being recognized as a Vision Zero city is "Setting a timeline to achieve zero traffic deaths and serious injuries, which brings urgency and accountability." I applaud Mayor Salas for bringing this resolution forward, however it is essential for it to have a timeframe.

Most cities choose a 10-year aspirational goal, however Chula Vista could choose a timeframe that makes sense for the City. In the San Diego region, San Diego City, La Mesa, and Imperial Beach have all adopted Vision Zero with a 10 year time frame. Please direct staff to add a time frame and support the Vision Zero resolution. Thank you.
