Subject: Mark Valen - Sustainability Commission

Greetings City Sustainability staff,

During this summer I have had to change residences and this time I'm unfortunately outside of city limits. I have not yet changed my voter registration status, as my name still exists on another lease in Chula Vista, despite it not being my primary residence. This move, along with increasing obligations during most evenings have made my participation in the commission increasingly difficult.

As much as I looked forward to continuing my second term until its completion, I'm afraid I will no longer be able to participate in commission activities. I look forward to continuing to work with the City on sustainability related issues with the landscape and sustainability programs at Southwestern College.

I apologize for short notice and for any inconvenience this may cause.

Sincerely,

Mark Valen
