20. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

Because my background is in K-8 education and as a single mother of two boys, my interest lies mostly in the experiences and opportunities that our city provides our youth. With 18 years worth of experience in education both in Chula Vista and the city of San Diego, I feel like my ideas and expertise could benefit the Parks & Recreation Commission by adding an educational and youth development perspective. I'm vested in the community, not only as a resident, but also as a parent.

21. What would you hope to accomplish in the role of a Parks and Recreation Commissioner? (250 words or less)

Having grown up in Chula Vista and spent most of my time on the west side of town, I'd like to see more public spaces similar to the ones available on the east side. I think about parks like Montevalle, where there is a variety of spaces (baseball fields, open grass, tennis courts, basketball courts, skate parks, dog parks, playgrounds, etc.). The children and community members on the west side of town can benefit from spaces such as that. I'd like to be a part of making that happen. Through the development of high-quality public spaces comes the opportunity for further development of recreational programs for our youth. If we can offer engaging after-school and summer programs for our children and teens, we will help to develop a sense of community and civic engagement for our future leaders. I understand that there are plans in the making for the waterfront and I'd love to be a part of bringing beautiful public spaces and quality recreation programs to our gem of a city.

22. I understand that to be considered, I must submit a resume along with this application.

20. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

With a background in non-profit management I understand the importance that committees and board play to the functioning of city matters. Before owning my own business, I worked in the non-profit sector providing me the opportunity to fund raise for community organizations. I currently serve on the Board of Directors of my Home Owners Association in Otay Ranch providing leadership and guidance to the community on financial and community matters.

21. What would you hope to accomplish in the role of a Parks and Recreation Commissioner? (250 words or less)

I would like encourage the use of private/public partnership to create more opportunities to keep our parks, open space, playgrounds, and recreation programs in better conditions. With living next to a city park I see the need to improve the quality and the maintenance of the park. Additionally I would like to work with city organizations to create a program for ensuring our parks are free from hazards creating a liability for the city. Based on use that I have seen several areas of open land need to be cleaned and maintained for the betterment of the city and the residents in the area.

22. I understand that to be considered, I must submit a resume along with this application.
