22. **What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas? (250 words or less)**

Having been raised in Chula Vista by a civic-minded family, it's been engrained in my DNA to engage in and support our community and the important decisions needed to ensure the wellbeing and safety of all...citizens and otherwise. I bring with me the leadership skills it takes to run a public school, including during a pandemic! Leading in difficult times has taught me how to pinpoint the most critical services needed to ensure that a community can continue to thrive.

23. **What would you hope to accomplish in the role of a Member of the Citizens' Oversight Committee? (250 words or less)**

I hope to serve as a community member with an ability to objectively and fairly review and report on city compliance for utilizing Measure P funds appropriately and as determined by Chula Vista voters.

24. **I understand that to be considered, I must submit a resume along with this application.**

22. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas? (250 words or less)

My principal areas of interests in our city government have to do with housing. My vision for Chula Vista is to make sure the community members that helped develop chula vista are able to stay in their community, and not be pushed out by gentrification. I would love to see more affordable housing in our community, and make sure it is more affordable for working class people. Too often we see parents forced to take on two or more jobs to be able to keep up with paying rent, regrettably taking away time from family/children. We must create more stable housing opportunities, and better our community by prioritizing housing as a top issue. Housing is an intersectional issue, and it can also help solve many other problems. More available affordable housing can create safer communities, and lessen the homeless population. Another area of interest in our city government is community development. I would like to prioritize a community that can ensure social, racial, and economic justice. A city that has enough social amenities for all to live a dignified life. Making these social amenities available to community members in Chula Vista will make life more pleasant for the community, and strengthen our community.

23. What would you hope to accomplish in the role of a Member of the Citizens' Oversight Committee? (250 words or less)

If given the opportunity to have a role on the members of the Citizens Oversight Committee, my biggest hope is to give back to my community. I would like to help enhance Chula Vista into a safer and more equitable place for all. I would like to help contribute to the communities that are most underserved and underfunded. I would do this by first evaluating the problems grounded in our community, and then thinking of solutions to help grow and nurture a strong, stable community that improves the quality of lives of our community members. I hope to lessen any economic inequality, and give back to our youth and people of color. I would like to keep the values and promises Chula Vista has to offer, and make sure that community members can be proud of living in Chula Vista.

24. I understand that to be considered, I must submit a resume along with this application.
