

Dear Community Service Organization:

We recognize and appreciate the work that your organization does to help those in need and to enhance the quality of life for all residents; we would like to help. The Church of Jesus Christ of Latter-day Saints (Mormon Church) has launched a website called **JustServe.org** to help organizations like yours find volunteers in the community. We would like to assist individuals, families, youth programs, and congregations in finding worthwhile service opportunities that benefit the community.

The Church of Jesus Christ of Latter-day Saints has nine congregations in the South Bay area and one of our challenges has been to know where we can provide service in the community. JustServe matches volunteer opportunities with people willing to help. It links members of the community with service in the community so that they can make a difference.

JustServe provides cities, schools, churches and non-profits a platform to list volunteer needs and seek volunteers in the community

How does JustServe work?

1. Register yourself on JustServe.org . It's free to all and will let you see what volunteer opportunities are already listed.
2. Submit a project: When you identify your volunteer needs, complete the attached form and send to the e-mail address below.
3. Once approved, your project will be placed on the website for volunteers to see.

JustServe projects should not directly involve volunteers in fund-raising, have a political focus, or be for profit. Once your project is approved, it will be available for viewing on the JustServe website; while we hope to generate interest, we cannot guarantee the number of volunteers who will sign up.

We hope that you will join us in our efforts to link volunteer projects with volunteers in South Bay!

Sincerely,

Jenni Burnett

Director of Public Affairs for Chula Vista

The Church of Jesus Christ of Latter-day Saints
