

RESOLUTION NO. _____

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHULA VISTA AMENDING THE FISCAL YEAR 2014/2015 CIP BUDGET AND ESTABLISHING A NEW CAPITAL IMPROVEMENT PROJECT "EMERGENCY STORM DRAIN REPAIRS AT 1515 OLEANDER AVENUE" (DR201); APPROPRIATING \$191,987 FROM THE AVAILABLE BALANCE OF THE GAS TAX FUND TO CIP DR201; ACCEPTING THE FINAL REPORT OF EXPENDITURES FOR DR201; MAKING A FINDING THAT AN EMERGENCY EXISTED; AND RATIFYING THE CONTRACT WITH TC CONSTRUCTION, INC. FOR SAID EMERGENCY REPAIR

WHEREAS, on February 10, 2015, a sinkhole was discovered at 1515 Oleander Avenue, near Valle Lindo Elementary School; and

WHEREAS, the sinkhole was approximately 10'x16'x5' and was created by the collapse of an existing 18-inch Corrugated Metal Pipe storm drain under the southbound lane; and

WHEREAS, in accordance with City Charter Section 1009 and based upon the urgent necessity for the preservation of life, health and property, City staff solicited three informal bids and contracted the services of TC Construction, Inc., which was the only available contractor with the required material to perform the emergency repair work; and

WHEREAS, the repair was completed on March 26, 2015. An informational memo was submitted on February 17, 2015 with the plan to report back to City Council after the full cost of the project was identified; and

WHEREAS, after the project was completed, the final costs were identified in the amount of \$191,987; and

WHEREAS, the Development Services Director has reviewed the proposed project for compliance with the California Environmental Quality Act (CEQA) and has determined that the project qualifies for a Class 2 categorical exemption pursuant to Section 15302(c) (Replacement or Reconstruction) of the State CEQA Guidelines because it involves only repairs to a storm drain and repairs to the street (Oleander) and does not result in an expansion of the storm drain capacity. Thus, no further environmental review is necessary.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Chula Vista, that it amends the fiscal year 2014/2015 CIP budget and establishes a new capital improvement project "Emergency Storm Drain Repairs at 1515 Oleander Avenue" (DR201); appropriates \$191,987 to the expense category of the Gas Tax Fund to CIP DR201; accepts the final report of expenditures for DR201; makes a finding that an emergency existed; and ratifies the contract with TC Construction, Inc. for said emergency repair.
