

# Delivery Service Fee Cap Proposal

- Restriction applies to any third-party food delivery company that offers same day delivery/pickup of food or beverages for at least five separately owned retail food establishments
- Fees imposed by delivery companies are capped at a combined per-order 18% of purchase price for an online order (purchase price = total price of items excluding taxes, gratuities, and any other fee)
- The total 18% cap consists of a 15% delivery fee cap and a 3% cap for all other fees and charges
- The order remains in effect until 60 days after restaurants are permitted by state and local health orders to resume indoor dining at 100% capacity
