

RESOLUTION NO. 2012-184

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CHULA VISTA AMENDING THE FISCAL YEAR 2011/2012 CIP BUDGET; ACCEPTING THE FINAL REPORT OF EXPENDITURES FOR THE "EMERGENCY STORM DRAIN REPAIRS AT 'I' STREET AND CLAIRE AVENUE (DR191)"; REDUCING THE DR180 CIP BUDGET BY \$100,000 AND APPROPRIATING THE EQUIVALENT AMOUNT TO DR191; MAKING A FINDING THAT AN EMERGENCY EXISTED AND RATIFYING THE CONTRACT WITH TC CONSTRUCTION COMPANY, INC. FOR SAID EMERGENCY REPAIR

WHEREAS, severely deteriorated and corroded 24" & 30" diameter corrugated metal pipe "CMP" storm drain was discovered within the storm drain system between residential properties from 86 "I" Street southerly to 634 Claire Avenue and then easterly to 675 Dennis Avenue; and

WHEREAS, this storm drain is within public rights-of-way (Claire, Robert, Arthur and Dennis Avenues) and public storm drain easements between private properties; and

WHEREAS, on December 20, 2011, this system was re-televised after a series of intense rain events and it was discovered that the bottoms of two segments of pipe near 634 Claire Avenue had completely corroded out, with large voids around the pipes: similar damage was discovered further upstream of Claire Avenue; and

WHEREAS, it became evident that the rate of deterioration of the system had accelerated significantly; and

WHEREAS, the above-mentioned CMP failures and the increased rate of deterioration, if not repaired, posed imminent threats to public safety and private property such as slope erosion and sinkholes; and

WHEREAS, due to the advanced age of the CMP and the increased rate of deterioration, staff recommended that rehabilitation of this entire storm drain system be performed immediately, on an emergency basis, to preserve the health safety and welfare of the general public as well as to public and private property; and

WHEREAS, in accordance with City Charter Section 1009 and based upon the urgent necessity for the preservation of life, health and property, City staff solicited three informal bids and contracted the services of the low bidder, TC Construction Company, Inc., to repair the storm drain facilities; and

WHEREAS, Public Works-Engineering staff estimated cost of this emergency repair work to be \$350,000, including construction and City staff costs. This amount is \$100,000 more than the approved DR191 budget of \$250,000; and

WHEREAS, the additional \$100,000 was utilized from the DR180 project, which was established in the Fiscal Year 2009/2010 CIP budget for emergency replacement of failed storm drains, primarily CMP failures, throughout the City; and

WHEREAS, the repair was completed on April 03, 2012. An Informational Item was submitted on December 30, 2011, with the plan to report back to City Council after the full cost of the project was identified; and

WHEREAS, the project has been completed and the full cost of the repair identified.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Chula Vista does hereby amend the Fiscal Year 2011/2012 CIP Budget; accept the final report of expenditures for the "Emergency Storm Drain Repairs at 'I' Street and Claire Avenue (DR191)"; reduce the DR180 CIP Budget by \$100,000 and appropriate the equivalent amount to DR191; make a finding that an emergency existed; and ratify the Contract with TC Construction Company, Inc for said emergency repair work.
