The determination of building square footage for each non-residential Condominium shall be made by reference to the applicable Building Permit, and to the extent a Building Permit has not been issued for all Condominiums to be located on the applicable legal lot, the building square footage attributable to any such Condominiums shall be determined from the recorded condominium plan, or applicable site plan, plot plan, or other appropriate records kept by the City as reasonably determined by the CFD Administrator. In the event the City takes ownership of a Condominium within IA1 and such property in all other respects meets the definition of Public Property as set forth in Section 1, such property shall be exempt from Special Taxes pursuant to Section 5.

3. SPECIAL TAX RATES

A. Assigned Special Tax for Developed Property

The Assigned Special Tax applicable to an Assessor’s Parcel classified as Developed Property commencing Fiscal Year 2016-17 shall be determined pursuant to Table 1, 2, or 3 below, as applicable.

3	Residential Property	> 2,200	\$1,649 per Residential Unit

On each July 1, commencing July 1, 2017, the Assigned Special Tax for Developed Property shall be increased by two percent (2.00%) of the amount in effect in the prior Fiscal Year.

B. Backup Special Tax for Developed Property

When a Final Map or a condominium plan is recorded within Zone A, Zone B, or Zone C the Backup Special Tax for Assessor’s Parcels of Developed Property classified as Residential Property shall be determined as follows:

For each Assessor’s Parcel of Residential Property or for each Assessor’s Parcel of Undeveloped Property to be classified as Residential Property upon its development within the Final Map area, the Backup Special Tax for Fiscal Year 2016-17 shall be the rate per Lot calculated according to the following formula:

$$B = \frac{\text{Zone A} \quad \$27,502 \times A}{L}$$

$$B = \frac{\text{Zone B} \quad \$29,057 \times A}{L}$$

$$B = \frac{\text{Zone C}}{\$6,316 \times A} \times L$$

The terms have the following meanings:

B = Backup Special Tax per Lot

A = Acreage classified or to be classified as Residential Property in such Final Map. The land area applicable to a Condominium shall be computed from the Acreage of the Lot on which the Condominium is located, with the Acreage for such Lot allocated equally among all of the Condominiums located or to be located on such Lot.

L = For a Final Map, the number of Lots which are classified or to be classified as Residential Property.

For each Assessor's Parcel of Developed Property classified as Non-Residential Property or for each Assessor's Parcel of Undeveloped Property to be classified as Non-Residential Property within the Final Map area, the Backup Special Tax for Fiscal Year 2016-17 shall be determined by multiplying \$27,502 for Zone A, \$29,057 for Zone B and \$6,316 for Zone C by the total Acreage of any such Assessor's Parcel.

Notwithstanding the foregoing, if Assessor's Parcels of Residential Property, Non-Residential Property or Undeveloped Property for which the Backup Special Tax has been determined are subsequently changed or modified by recordation of a new or amended Final Map, then the Backup Special Tax applicable to such Assessor's Parcels shall be recalculated to equal the total amount of Backup Special Tax that would have been generated if such change did not take place.

On each July 1, commencing July 1, 2017, the Backup Special Tax applicable to each Assessor's Parcel of Taxable Property shall be increased by two percent (2.00%) of the amount in effect in the prior Fiscal Year.

C. Maximum Special Tax for Developed Property

Each Fiscal Year, the Maximum Special Tax for an Assessor's Parcel of Developed Property shall be the greater of the applicable Assigned Special Tax or Backup Special Tax.

D. Maximum Special Tax for Provisional Property and Undeveloped Property

The Maximum Special Tax for Provisional Property and Undeveloped Property commencing in Fiscal Year 2016-17 shall be \$27,502 per Acre for Zone A, \$29,057 per Acre for Zone B, and \$6,316 per Acre for Zone C.

On each July 1, commencing July 1, 2017, the Maximum Special Tax for Provisional Property and Undeveloped Property shall be increased by two percent (2.00%) of the amount in effect in the prior Fiscal Year.

E. Multiple Land Use Classes

In some instances an Assessor's Parcel of Developed Property may contain more than one Land Use Class. The Maximum Special Tax that may be levied on such an Assessor's Parcel shall only be levied on the Residential Property Land Use Class located on such Assessor's Parcel.

F. Administrative Special Tax Reduction

Prior to the issuance of Bonds, the Assigned Special Tax, Backup Special Tax, and Maximum Special Tax (collectively the "Special Tax Rates") on Taxable Property may be reduced in accordance with, and subject to the conditions set forth in this paragraph. Upon the City's receipt of a written request from Master Developer and the CFD Administrator, the Special Tax Rates on Taxable Property may be reduced to a level which will provide not less than the sum of estimated Administrative Expense Requirement and one hundred ten percent (110%) of the estimated debt service with respect to the amount of Bonds requested to be issued in such written request. If it is reasonably determined by the CFD Administrator that the total effective tax rate on Residential Property, as determined in accordance with the Development Agreement, exceeds the maximum level allowed in the Development Agreement, the Special Tax Rates may be reduced to the amount necessary to satisfy the maximum allowable effective tax rate requirement on Residential Property with the written consent of Master Developer, which consent shall not be unreasonably withheld, and the CFD Administrator. It shall not be required that reductions among each "Building Square Footage" range of Residential Property be proportional. Additionally, the "CFD Public Facilities Costs" amount in Section 8 shall be reduced commensurate with any reductions to the Special Tax Rates pursuant to this paragraph, as reasonably determined by the CFD Administrator. A certificate in substantially the form attached hereto as Exhibit "B" shall

be used for purposes of evidencing the required written consent and effectuating the reduction to the Special Tax Rates. The reductions permitted pursuant to this paragraph shall be reflected in an amended Notice of Special Tax Lien which the City shall cause to be recorded.

4. METHOD OF APPORTIONMENT

For each Fiscal Year, commencing Fiscal Year 2016-17, the CFD Administrator shall levy the Special Tax on all Taxable Property in accordance with the following steps:

Step 1: The Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property at up to 100% of the applicable Assigned Special Tax to satisfy the Special Tax Requirement;

Step 2: If additional monies are needed to satisfy the Special Tax Requirement after Step 1 has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property;

Step 3: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the Special Tax amount determined in Step 1 shall be increased Proportionately on each Assessor's Parcel of Developed Property up to 100% of the Maximum Special Tax for Developed Property.

Step 4: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Provisional Property up to 100% of the Maximum Special Tax for Provisional Property;

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased as a result of a delinquency or default in the payment of the Special Tax applicable to any other Assessor's Parcel within IA1 by more than ten percent (10%) above what would have been levied in the absence of such delinquencies or defaults.

5. EXEMPTIONS

The CFD Administrator shall classify as Exempt Property (i) Assessor's Parcels of Public Property, (ii) Assessor's Parcels of Property Owner Association Property, (iii) Assessor's Parcels which are used as places of worship and are exempt from ad valorem property taxes because they are owned by a religious organization, and (iv) Assessor's Parcels with public or utility easements making impractical their utilization for other than the purposes set forth in the easement, provided that no such classification would reduce the sum of all Taxable Property in IA1 to less than 9.53 Acres for Zone A, 12.67 Acres for Zone B, or 17.09 Acres for Zone C. Assessor's Parcels which cannot be classified as Exempt Property because such classification

would reduce the sum of all Taxable Property in IA1 to less than 9.53 Acres for Zone A, 12.67 Acres for Zone B, or 17.09 Acres for Zone C, shall be classified as Provisional Property and will continue to be subject to the IA1 Special Taxes accordingly. Tax exempt status for the purpose of this paragraph will be assigned by the CFD Administrator in the chronological order in which property becomes eligible for classification as Exempt Property.

If the use of an Assessor's Parcel of Exempt Property changes so that such Assessor's Parcel is no longer classified as one of the uses set forth in the first paragraph of Section 5 above that would make such Assessor's Parcel eligible to be classified as Exempt Property, such Assessor's Parcel shall cease to be classified as Exempt Property and shall be deemed to be Taxable Property.

6. APPEALS

Any landowner who pays the Special Tax and claims the amount of the Special Tax levied on his or her Assessor's Parcel is in error shall first consult with the CFD Administrator regarding such error not later than thirty-six (36) months after first having paid the first installment of the Special Tax that is disputed. If following such consultation the CFD Administrator determines that an error has occurred, then the CFD Administrator shall take any of the following actions, in order of priority, in order to correct the error:

- (i) Amend the Special Tax levy on the landowner's Assessor's Parcel(s) for the current Fiscal Year prior to the payment date,
- (ii) Require the CFD to reimburse the landowner for the amount of the overpayment to the extent of available CFD funds, or
- (iii) Grant a credit against, eliminate or reduce the future Special Taxes on the landowner's Assessor's Parcel(s) in the amount of the overpayment.

If following such consultation and action by the CFD Administrator the landowner believes such error still exists, such person may file a written notice of appeal with the City Council. Upon the receipt of such notice, the City Council or designee may establish such procedures as deemed necessary to undertake the review of any such appeal. If the City Council or designee determines an error still exists, the CFD Administrator shall take any of the actions described as (i), (ii) and (iii) above, in order of priority, in order to correct the error.

The City Council or designee thereof shall interpret this Rate and Method of Apportionment of Special Tax for purposes of clarifying any ambiguities and make determinations relative to the administration of the Special Tax and any landowner appeals. The decision of the City Council or designee shall be final and binding as to all persons.

7. COLLECTION OF SPECIAL TAXES

Collection of the Annual Special Tax shall be made by the County in the same manner as ordinary ad valorem property taxes are collected and the Annual Special Tax shall be subject to the same penalties and the same lien priority in the case of delinquency as ad valorem taxes;

provided, however, that the City Council may provide for (i) other means of collecting the Special Tax, including direct billings thereof to the property owners; and (ii) judicial foreclosure of delinquent Annual Special Taxes.

8. PREPAYMENT OF SPECIAL TAX OBLIGATION

A. Prepayment in Full

Property owners may prepay and permanently satisfy the Special Tax Obligation by a cash settlement with the City as permitted under Government Code Section 53344. The following definitions apply to this Section 8:

“CFD Public Facilities Costs” means \$12,550,000 or such lower number as (i) shall be determined by the CFD Administrator as sufficient to acquire or construct the facilities to be financed under the Act and financing program for IA1, or (ii) shall be determined by the City Council concurrently with a covenant that it will not issue any more Bonds (except refunding bonds).

The Special Tax Obligation applicable to an Assessor’s Parcel of Developed Property, or Undeveloped Property for which a Building Permit has been issued may be prepaid and the obligation to pay the Special Tax for such Assessor’s Parcel permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor’s Parcel only if there are no delinquent Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. An owner of an Assessor’s Parcel eligible to prepay the Special Tax Obligation shall provide the CFD Administrator with written notice of intent to prepay, and designate or identify the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a

statement of the Prepayment Amount for such Assessor's Parcel within thirty (30) days of the request, and may charge a reasonable fee for providing this service. Prepayment must be made at least 60 days prior to any redemption date for the Bonds to be redeemed with the proceeds of such prepaid Special Taxes, unless a shorter period is acceptable to the Fiscal Agent and the City.

The Prepayment Amount (defined below) shall be calculated for each applicable Assessor's Parcel or group of Assessor's Parcels as summarized below (capitalized terms as defined below):

Bond Redemption Amount
plus Redemption Premium
plus Future Facilities Prepayment Amount
plus Defeasance Amount
plus Prepayment Administrative Fees and Expenses
less Reserve Fund Credit
less Capitalized Interest Credit
Total: equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined in Step 14 below) shall be calculated as follows:

Step No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
2. For Assessor's Parcels of Developed Property, determine the Maximum Special Tax. For Assessor's Parcels of Undeveloped Property for which a Building Permit has been issued, compute the Maximum Special Tax for that Assessor's Parcel as though it was already designated as Developed Property, based upon the Building Permit which has already been issued for that Assessor's Parcel.
3. Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total expected Maximum Special Tax revenue for IA1 assuming all Building Permits have been issued (build-out) within IA1, excluding any Assessor's Parcels for which the Special Tax Obligation has been previously prepaid.
4. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds and round that number up to the nearest \$5,000 increment to compute the amount of Outstanding Bonds to be retired and prepaid for all applicable Assessor's Parcels (the "Bond Redemption Amount").
5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium (expressed as a percentage), if any, on the

Outstanding Bonds to be redeemed at the first available call date (the “Redemption Premium”).

6. Compute the Future Facilities Costs.
7. Multiply the quotient computed pursuant to paragraph 3 by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the “Future Facilities Prepayment Amount”).
8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the expected redemption date for the Outstanding Bonds which, depending on the Fiscal Agent Agreement, may be as early as the next interest payment date.
9. Compute the amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Prepayment Amount and the Prepayment Administrative Fees from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
10. Subtract the amount computed in paragraph 9 from the amount computed in paragraph 8 (the “Defeasance Amount”).
11. Calculate the administrative fees and expenses of CFD No. 16-I for IA1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming the Outstanding Bonds to be redeemed with the prepayment, and the costs of recording any notices to evidence the prepayment and the redemption (the “Prepayment Administrative Fees”).
12. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Fiscal Agent Agreement) on the prepayment calculation date, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the “Reserve Fund Credit”). No Reserve Fund Credit shall be granted if, after the Prepayment Amount is calculated, reserve funds are below 100% of the reserve requirement after taking into account such prepayment.
13. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the quotient computed pursuant to paragraph 3 by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the “Capitalized Interest Credit”).

14. The amount to prepay the Special Tax Obligation is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 10, and 11, less the amounts computed pursuant to paragraphs 12 and 13 (the “Prepayment Amount”).
15. From the Prepayment Amount, the sum of the amounts computed pursuant to paragraphs 4, 5, and 10, less the amounts computed pursuant to paragraphs 12 and 13 shall be deposited into the appropriate fund as established under the Fiscal Agent Agreement and be used to retire Outstanding Bonds or make Debt Service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 11 shall be retained by CFD No. 16-I.

The Prepayment Amount may be sufficient to redeem an amount other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Fiscal Agent Agreement to redeem Bonds to be used with the next prepayment of Bonds.

The CFD Administrator will confirm that all previously levied Special Taxes have been paid in full. With respect to any Assessor's Parcel for which the Special Tax Obligation is prepaid in full, once the CFD Administrator has confirmed that all previously levied Special Taxes have been paid, the City Council shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of the Special Tax Obligation and the release of the Special Tax lien on such Assessor’s Parcel, and the obligation of the owner of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less the Administrative Expense Requirement that may be levied on Taxable Property, respectively, after the proposed prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

B. Partial Prepayment

The Special Tax on an Assessor’s Parcel of Developed Property or Undeveloped Property for which a Building Permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section 8.A.; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (PE-A) \times F + A$$

These terms have the following meaning:

- PP = the partial prepayment
- PE = the Prepayment Amount calculated according to Section 8.A
- F = the percentage by which the owner of the Assessor’s Parcel(s) is partially prepaying the Special Tax Obligation

A = the Prepayment Administrative Fees and Expenses from Section 8.A

The owner of any Assessor's Parcel who desires such partial prepayment shall notify the CFD Administrator of (i) such owner's intent to partially prepay the Special Tax Obligation, (ii) the percentage by which the Special Tax Obligation shall be prepaid, and (iii) the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax Obligation for an Assessor's Parcel within sixty (60) days of the request and may charge a reasonable fee for providing this service.

With respect to any Assessor's Parcel that is partially prepaid, the City shall (i) distribute the funds remitted to it according to Section 8.A., and (ii) indicate in the records of CFD No. 16-I for IA1 that there has been a partial prepayment of the Special Tax Obligation and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the Maximum Special Tax, shall continue to be levied on such Assessor's Parcel.

Notwithstanding the foregoing, no partial prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less the Administrative Expense Requirement that may be levied on Taxable Property, respectively, after the proposed partial prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

9. TERM OF SPECIAL TAX

The Special Tax shall be levied as long as necessary to meet the Special Tax Requirement for a period not to exceed forty (40) Fiscal Years commencing with Fiscal Year 2016-17.

Furthermore, each Assessor’s Parcel of Developed Property shall be classified according to its applicable Land Use Class based on its Building Square Footage.

For Assessor’s Parcels of Non-Residential Property developed with Condominiums (e.g., office or industrial condos), the Acreage applicable to each such Condominium for purposes of levying Special Taxes shall be computed from the Acreage of the legal lot created by the Final Map upon which such Condominiums are entitled to be developed, with the Acreage of such lot allocated to each Condominium on a pro-rata basis using the building square footage of such Condominium relative to the total building square footage of all Condominiums entitled to be developed on such lot. The determination of building square footage for each non-residential Condominium shall be made by reference to the applicable Building Permit, and to the extent a Building Permit has not been issued for all Condominiums to be located on the applicable legal lot, the building square footage attributable to any such Condominiums shall be determined from the recorded condominium plan, or applicable site plan, plot plan, or other appropriate records kept by the City as reasonably determined by the CFD Administrator. In the event the City takes ownership of a Condominium within IA2 and such property in all other respects meets the definition of Public Property as set forth in Section 1, such property shall be exempt from Special Taxes pursuant to Section 5.

3. SPECIAL TAX RATES

A. Assigned Special Tax for Developed Property

The Assigned Special Tax applicable to an Assessor’s Parcel classified as Developed Property commencing Fiscal Year 2016-17 shall be determined pursuant to Table 1 or 2 below, as applicable.

Table 1

**Assigned Special Tax Rates for
Developed Property within Zone A**

Land Use Class	Land Use Type	Building Square Footage	Assigned Special Tax
1	Residential Property	≤ 1,450	\$1,360 per Residential Unit
2	Residential Property	>1,450	\$1,628 per Residential Unit
3	Non-Residential Property	N/A	\$6,000 per Acre

**Table 2
Assigned Special Tax Rates for
Developed Property within Zone B**

Land Use Class	Land Use Type	Building Square Footage	Assigned Special Tax
1	Residential Property	≤ 1,450	\$1,360 per Residential Unit
2	Residential Property	>1,450	\$1,628 per Residential Unit
3	Non-Residential Property	N/A	\$6,000 per Acre

On each July 1, commencing July 1, 2017, the Assigned Special Tax for Developed Property shall be increased by two percent (2.00%) of the amount in effect in the prior Fiscal Year.

B. Backup Special Tax for Developed Property

When a Final Map or a condominium plan is recorded within Zone A or Zone B the Backup Special Tax for Assessor’s Parcels of Developed Property classified as Residential Property shall be determined as follows:

For each Assessor’s Parcel of Residential Property or for each Assessor’s Parcel of Undeveloped Property to be classified as Residential Property upon its development

within the Final Map area, the Backup Special Tax for Fiscal Year 2016-17 shall be the rate per Lot calculated according to the following formula:

$$B = \frac{\frac{\text{Zone A}}{\$46,358 \times A}}{L}$$

$$B = \frac{\frac{\text{Zone B}}{\$6,316 \times A}}{L}$$

The terms have the following meanings:

- B = Backup Special Tax per Lot
- A = Acreage classified or to be classified as Residential Property in such Final Map. The land area applicable to a Condominium shall be computed from the Acreage of the Lot on which the Condominium is located, with the Acreage for such Lot allocated equally among all of the Condominiums located or to be located on such Lot.
- L = For a Final Map, the number of Lots which are classified or to be classified as Residential Property.

For each Assessor's Parcel of Developed Property classified as Non-Residential Property or for each Assessor's Parcel of Undeveloped Property to be classified as Non-Residential Property within the Final Map area, the Backup Special Tax for Fiscal Year 2016-17 shall be determined by multiplying \$46,358 for Zone A and \$6,316 for Zone B by the total Acreage of any such Assessor's Parcel.

Notwithstanding the foregoing, if Assessor's Parcels of Residential Property, Non-Residential Property or Undeveloped Property for which the Backup Special Tax has been determined are subsequently changed or modified by recordation of a new or amended Final Map, then the Backup Special Tax applicable to such Assessor's Parcels shall be recalculated to equal the total amount of Backup Special Tax that would have been generated if such change did not take place.

On each July 1, commencing July 1, 2017, the Backup Special Tax applicable to each Assessor's Parcel of Taxable Property shall be increased by two percent (2.00%) of the amount in effect in the prior Fiscal Year.

C. Maximum Special Tax for Developed Property

Each Fiscal Year, the Maximum Special Tax for an Assessor's Parcel of Developed Property shall be the greater of the applicable Assigned Special Tax or Backup Special Tax.

D. Maximum Special Tax for Provisional Property and Undeveloped Property

The Maximum Special Tax for Provisional Property and Undeveloped Property commencing in Fiscal Year 2016-17 shall be \$46,358 per Acre for Zone A and \$6,316 per Acre for Zone B.

On each July 1, commencing July 1, 2017, the Maximum Special Tax for Provisional Property and Undeveloped Property shall be increased by two percent (2.00%) of the amount in effect in the prior Fiscal Year.

E. Multiple Land Use Classes

In some instances an Assessor's Parcel of Developed Property may contain more than one Land Use Class. The Maximum Special Tax that may be levied on such an Assessor's Parcel shall only be levied on the Residential Property Land Use Class located on such Assessor's Parcel.

F. Administrative Special Tax Reduction

Prior to the issuance of Bonds, the Assigned Special Tax, Backup Special Tax, and Maximum Special Tax (collectively the "Special Tax Rates") on Taxable Property may be reduced in accordance with, and subject to the conditions set forth in this paragraph. Upon the City's receipt of a written request from Master Developer and the CFD Administrator, the Special Tax Rates on Taxable Property may be reduced to a level which will provide not less than the sum of estimated Administrative Expense Requirement and one hundred ten percent (110%) of the estimated debt service with respect to the amount of Bonds requested to be issued in such written request. If it is reasonably determined by the CFD Administrator that the total effective tax rate on Residential Property, as determined in accordance with the Development Agreement, exceeds the maximum level allowed in the Development Agreement, the Special Tax Rates may be reduced to the amount necessary to satisfy the maximum allowable effective tax rate requirement on Residential Property with the written consent of Master Developer, which consent shall not be unreasonably withheld, and the CFD Administrator. It shall not be required that reductions among each "Building Square Footage" range of Residential Property be proportional. Additionally, the "CFD Public Facilities Costs" amount in Section 8 shall be reduced commensurate with any reductions to the Special Tax Rates pursuant to this paragraph, as reasonably determined by the CFD Administrator. A certificate in substantially the form attached hereto as Exhibit "B" shall be used for purposes of evidencing the required written consent and effectuating the reduction to the Special Tax Rates. The reductions permitted pursuant to this paragraph shall be reflected in an amended Notice of Special Tax Lien which the City shall cause to be recorded.

4. METHOD OF APPORTIONMENT

For each Fiscal Year, commencing Fiscal Year 2016-17, the CFD Administrator shall levy the Special Tax on all Taxable Property in accordance with the following steps:

Step 1: The Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property at up to 100% of the applicable Assigned Special Tax to satisfy the Special Tax Requirement;

Step 2: If additional monies are needed to satisfy the Special Tax Requirement after Step 1 has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property;

Step 3: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the Special Tax amount determined in Step 1 shall be increased Proportionately on each Assessor's Parcel of Developed Property up to 100% of the Maximum Special Tax for Developed Property.

Step 4: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Provisional Property up to 100% of the Maximum Special Tax for Provisional Property;

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased as a result of a delinquency or default in the payment of the Special Tax applicable to any other Assessor's Parcel within IA2 by more than ten percent (10%) above what would have been levied in the absence of such delinquencies or defaults.

5. EXEMPTIONS

The CFD Administrator shall classify as Exempt Property (i) Assessor's Parcels of Public Property, (ii) Assessor's Parcels of Property Owner Association Property, (iii) Assessor's Parcels which are used as places of worship and are exempt from ad valorem property taxes because they are owned by a religious organization, and (iv) Assessor's Parcels with public or utility easements making impractical their utilization for other than the purposes set forth in the easement, provided that no such classification would reduce the sum of all Taxable Property in IA2 to less than 14.89 Acres for Zone A or 7.92 Acres for Zone B. Assessor's Parcels which cannot be classified as Exempt Property because such classification would reduce the sum of all Taxable Property in IA2 to less than 14.89 Acres for Zone A or 7.92 Acres for Zone B shall be classified as Provisional Property and will continue to be subject to the IA2 Special Taxes accordingly. Tax exempt status for the purpose of this paragraph will be assigned by the CFD Administrator in the chronological order in which property becomes eligible for classification as Exempt Property.

If the use of an Assessor's Parcel of Exempt Property changes so that such Assessor's Parcel is no longer classified as one of the uses set forth in the first paragraph of Section 5 above that would make such Assessor's Parcel eligible to be classified as Exempt Property, such Assessor's Parcel shall cease to be classified as Exempt Property and shall be deemed to be Taxable Property.

6. APPEALS

Any landowner who pays the Special Tax and claims the amount of the Special Tax levied on his or her Assessor's Parcel is in error shall first consult with the CFD Administrator regarding such error not later than thirty-six (36) months after first having paid the first installment of the Special Tax that is disputed. If following such consultation the CFD Administrator determines that an error has occurred, then the CFD Administrator shall take any of the following actions, in order of priority, in order to correct the error:

- (iv) Amend the Special Tax levy on the landowner's Assessor's Parcel(s) for the current Fiscal Year prior to the payment date,
- (v) Require the CFD to reimburse the landowner for the amount of the overpayment to the extent of available CFD funds, or
- (vi) Grant a credit against, eliminate or reduce the future Special Taxes on the landowner's Assessor's Parcel(s) in the amount of the overpayment.

If following such consultation and action by the CFD Administrator the landowner believes such error still exists, such person may file a written notice of appeal with the City Council. Upon the receipt of such notice, the City Council or designee may establish such procedures as deemed necessary to undertake the review of any such appeal. If the City Council or designee determines an error still exists, the CFD Administrator shall take any of the actions described as (i), (ii) and (iii) above, in order of priority, in order to correct the error.

The City Council or designee thereof shall interpret this Rate and Method of Apportionment of Special Tax for purposes of clarifying any ambiguities and make determinations relative to the administration of the Special Tax and any landowner appeals. The decision of the City Council or designee shall be final and binding as to all persons.

7. COLLECTION OF SPECIAL TAXES

Collection of the Annual Special Tax shall be made by the County in the same manner as ordinary ad valorem property taxes are collected and the Annual Special Tax shall be subject to the same penalties and the same lien priority in the case of delinquency as ad valorem taxes; provided, however, that the City Council may provide for (i) other means of collecting the Special Tax, including direct billings thereof to the property owners; and (ii) judicial foreclosure of delinquent Annual Special Taxes.

8. PREPAYMENT OF SPECIAL TAX OBLIGATION

C. Prepayment in Full

Property owners may prepay and permanently satisfy the Special Tax Obligation by a cash settlement with the City as permitted under Government Code Section 53344. The following definitions apply to this Section 8:

“CFD Public Facilities Costs” means \$12,900,000 or such lower number as (i) shall be determined by the CFD Administrator as sufficient to acquire or construct the facilities to be financed under the Act and financing program for IA2, or (ii) shall be determined by the City Council concurrently with a covenant that it will not issue any more Bonds (except refunding bonds).

“Construction Fund” means the fund (regardless of its name) established pursuant to the Fiscal Agent Agreement to hold funds, which are currently available for expenditure to acquire or construct the facilities or pay fees authorized to be funded by CFD No. 16-I for IA2.

“Future Facilities Costs” means the CFD Public Facilities Costs minus (i) costs previously paid from the Construction Fund to acquire or construct the facilities, (ii) monies currently on deposit in the Construction Fund, and (iii) monies currently on deposit in an escrow or other designated fund that are expected to be available to finance CFD Public Facilities Costs.

“Outstanding Bonds” means all Previously Issued Bonds, which remain outstanding as of the first interest and/or principal payment date following the current Fiscal Year excluding Bonds to be redeemed at a later date with proceeds of prior Special Tax prepayments.

“Previously Issued Bonds” means all Bonds that have been issued prior to the date of prepayment.

The Special Tax Obligation applicable to an Assessor’s Parcel of Developed Property, or Undeveloped Property for which a Building Permit has been issued may be prepaid and the obligation to pay the Special Tax for such Assessor’s Parcel permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor’s Parcel only if there are no delinquent Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. An owner of an Assessor’s Parcel eligible to prepay the Special Tax Obligation shall provide the CFD Administrator with written notice of intent to prepay, and designate or identify the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the Prepayment Amount for such Assessor’s Parcel within thirty (30) days of the request, and may charge a reasonable fee for providing this service. Prepayment must be made at least 60 days prior to any redemption date for the Bonds to be redeemed

with the proceeds of such prepaid Special Taxes, unless a shorter period is acceptable to the Fiscal Agent and the City.

The Prepayment Amount (defined below) shall be calculated for each applicable Assessor's Parcel or group of Assessor's Parcels as summarized below (capitalized terms as defined below):

Bond Redemption Amount
plus Redemption Premium
plus Future Facilities Prepayment Amount
plus Defeasance Amount
plus Prepayment Administrative Fees and Expenses
less Reserve Fund Credit
less Capitalized Interest Credit
Total: equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined in Step 14 below) shall be calculated as follows:

Step No.:

16. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
17. For Assessor's Parcels of Developed Property, determine the Maximum Special Tax. For Assessor's Parcels of Undeveloped Property for which a Building Permit has been issued, compute the Maximum Special Tax for that Assessor's Parcel as though it was already designated as Developed Property, based upon the Building Permit which has already been issued for that Assessor's Parcel.
18. Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total expected Maximum Special Tax revenue for IA2 assuming all Building Permits have been issued (build-out) within IA2, excluding any Assessor's Parcels for which the Special Tax Obligation has been previously prepaid.
19. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds and round that number up to the nearest \$5,000 increment to compute the amount of Outstanding Bonds to be retired and prepaid for all applicable Assessor's Parcels (the "Bond Redemption Amount").
20. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium (expressed as a percentage), if any, on the Outstanding Bonds to be redeemed at the first available call date (the "Redemption Premium").
21. Compute the Future Facilities Costs.

22. Multiply the quotient computed pursuant to paragraph 3 by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the “Future Facilities Prepayment Amount”).
23. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the expected redemption date for the Outstanding Bonds which, depending on the Fiscal Agent Agreement, may be as early as the next interest payment date.
24. Compute the amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Prepayment Amount and the Prepayment Administrative Fees from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
25. Subtract the amount computed in paragraph 9 from the amount computed in paragraph 8 (the “Defeasance Amount”).
26. Calculate the administrative fees and expenses of CFD No. 16-I for IA2, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming the Outstanding Bonds to be redeemed with the prepayment, and the costs of recording any notices to evidence the prepayment and the redemption (the “Prepayment Administrative Fees”).
27. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Fiscal Agent Agreement) on the prepayment calculation date, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the “Reserve Fund Credit”). No Reserve Fund Credit shall be granted if, after the Prepayment Amount is calculated, reserve funds are below 100% of the reserve requirement after taking into account such prepayment.
28. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the quotient computed pursuant to paragraph 3 by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the “Capitalized Interest Credit”).
29. The amount to prepay the Special Tax Obligation is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 10, and 11, less the amounts computed pursuant to paragraphs 12 and 13 (the “Prepayment Amount”).

30. From the Prepayment Amount, the sum of the amounts computed pursuant to paragraphs 4, 5, and 10, less the amounts computed pursuant to paragraphs 12 and 13 shall be deposited into the appropriate fund as established under the Fiscal Agent Agreement and be used to retire Outstanding Bonds or make Debt Service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 11 shall be retained by CFD No. 16-I.

The Prepayment Amount may be sufficient to redeem an amount other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Fiscal Agent Agreement to redeem Bonds to be used with the next prepayment of Bonds.

The CFD Administrator will confirm that all previously levied Special Taxes have been paid in full. With respect to any Assessor's Parcel for which the Special Tax Obligation is prepaid in full, once the CFD Administrator has confirmed that all previously levied Special Taxes have been paid, the City Council shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of the Special Tax Obligation and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of the owner of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less the Administrative Expense Requirement that may be levied on Taxable Property, respectively, after the proposed prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

D. Partial Prepayment

The Special Tax on an Assessor's Parcel of Developed Property or Undeveloped Property for which a Building Permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section 8.A.; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (PE - A) \times F + A$$

These terms have the following meaning:

PP = the partial prepayment

PE = the Prepayment Amount calculated according to Section 8.A

F = the percentage by which the owner of the Assessor's Parcel(s) is partially prepaying the Special Tax Obligation

A = the Prepayment Administrative Fees and Expenses from Section 8.A

The owner of any Assessor's Parcel who desires such partial prepayment shall notify the CFD Administrator of (i) such owner's intent to partially prepay the Special Tax

Obligation, (ii) the percentage by which the Special Tax Obligation shall be prepaid, and (iii) the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax Obligation for an Assessor's Parcel within sixty (60) days of the request and may charge a reasonable fee for providing this service.

With respect to any Assessor's Parcel that is partially prepaid, the City shall (i) distribute the funds remitted to it according to Section 8.A., and (ii) indicate in the records of CFD No. 16-I for IA2 that there has been a partial prepayment of the Special Tax Obligation and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the Maximum Special Tax, shall continue to be levied on such Assessor's Parcel.

Notwithstanding the foregoing, no partial prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less the Administrative Expense Requirement that may be levied on Taxable Property, respectively, after the proposed partial prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

9. TERM OF SPECIAL TAX

The Special Tax shall be levied as long as necessary to meet the Special Tax Requirement for a period not to exceed forty (40) Fiscal Years commencing with Fiscal Year 2016-17.
