Re: Parks & Recreation Commission Appointment

Dear Mayor Casillas Salas and Councilmembers:

It is with great regret that I must withdraw from my recent appointment to the Parks & Recreation Commission. I failed to check the commission meeting dates prior to my interview and only recently found out that they fall on the same exact dates of another board commitment I have (3<sup>rd</sup> Thursday of every other month). I will, however, remain on the Cultural Arts Commission in which I was sworn in on November 10<sup>th</sup> and have not yet resigned.

I want to apologize for my oversight and any inconvenience it may have caused you. I know your time is valuable and I deeply regret wasting that time. You can be assured that I will be more careful when making future commitments.

I look forward to serving on the Cultural Arts Commission and working with each of you in our joint efforts to foster and promote the amazing talent/arts in our city.

Regards,

Leticia Cazares
