20. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

My strengths in planning, networking, organizing and thinking outside the box, I feel would be beneficial to the International Friendship Commission's purpose. My technical background in engineering has helped me further develop my creativity skills and tenacity, which are skills and qualities that have come in handy for all other aspects of my life. For example, for the past six years, I have volunteered as a board member of the Hedenkamp Elementary PTA and the School Site Council where those skills have been put to good use. In 2012, as the elected PTA President, I wanted to make a big positive impact on our school that would benefit all students and staff. I came up with the innovative idea to organize the school's fundraiser carnival much different than in past years, which was met with some resistance at first. I invited and organized for Inflatable World to become part of our school's fundraiser carnival. I planned all the logistics and took care of the required permits, insurances, and necessary requirements set forth by the Chula Vista Elementary School District. This turned out to be a huge success, which has now turned into a wonderful tradition at our school. It not only serves as a fun community event, but it has turned into a great fundraiser for our school. I believe in teamwork, brainstorming, and sharing ideas to work together towards a common goal.

21. What would you hope to accomplish in the role of a International Friendship Commissioner? (250 words or less)

After sitting in on this Commission's meeting on July 19th, as a member of the public, I am very interested in the work being done to foster friendships and to maintain good relationships with its sister cities. I see the great responsibilities that the International Friendship Commission has. I'd like to help enhance the experience for our visitors and to warmly welcome them to our city. I am a big proponent of giving back to the community and volunteering, so I would be happy to contribute my time and efforts to the goals of this commission.

20. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

Have resided in Chula Vista 1978-1984 and 1991- present. Have done volunteer work at Chula Vista Veterans' Home and as a retired 30 year naval officer have particular interests in veterans' services, activities, and assistance over and above that provided by the Dept. of Veterans; Affairs.

21. What would you hope to accomplish in the role of a Veterans Advisory Commissioner? (250 words or less)

To optimize available services and activities for Chula vista veterans consistent with budget constraints. Chula vista has always been and will always be a favored domicile for naval personnel separating from or retiring from military service. We veterans add immeasurable to the quality of life in Chula Vista. I would seek to contribute to the existing and future programs within city government that target our veterans.
