No

15. Which one(s)?

Not answered

16. Have you previously served on a Chula Vista Board/Commission?

No

17. Which ones?

Not answered

18. Per Chula Vista Municipal Code Section 2.25.030, I understand:

-If I am currently serving on a board or commission, I must resign from my current board or commission if I am appointed.

-I must have served at least 12 months on my current board or commission in order to be appointed to another board or commission.

I have read and acknowledged the above statement.

19. Are you or have you been involved in any local, civic or community groups?

(o) Yes

20. Which ones?

VP Programs for Chula Vista Council of PTAs; member Clear View PTA; member CVESD Budget Advisory Council; member CVESD District Advisory Committee; member NAACP SD; member Chula Vista Democrats, member Eastlake Bonita Democratic Club

21. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

My background is in theatre/performing arts, and as a parent and consummate volunteer, I am very involved with education. I want to encourage more involvement with the City of Chula Vista in developing performing arts in children (including partnering with schools/local dance groups) as regular parts of our city. I also want to draw professional theatre to the South Bay. I've worked in professional theatre since 2001. I also worked in film/television from 2005 to 2009. I believe we can also create a film commission to make efforts to draw film crews to our area to take advantage of some of our unique locations.

22. IF you are an artist, educator, and or possess professional qualifications and experience in disciplines of arts and cultures (see definitions of these terms below), please indicate which discipline(s) apply:

Definitions:

- **Artist: A practitioner of an arts discipline (e.g. performing arts, fine arts, culinary arts, media arts or related arts disciplines)**
- **Educator: One who is credentialed in the field of the arts or one who teaches or has experience teaching one or more disciplines of the arts.**
- **Professional qualifications: Qualifications based upon one's body of work, one's educational background and experience in a discipline of the arts.**

[x] Performing Arts

23. If you selected one or more of the areas of discipline above, please describe your qualifications and experience. (250 words or less)

I have a BA in Theatre (acting and playwriting) with minor emphases in Dance and Ethnic Studies from UC San Diego. I have been working in costumes since 2001, when I began my career as a dresser at the Old Globe Theatre in Balboa Park. Since then, I have worked my way up and have been a professional costume designer since 2004. I have worked with theatres all over San Diego County, as far north as New Village Arts in Carlsbad. I moved to LA to work in TV/film in 2005. I was also resident costume designer for Independent Shakespeare Company (2008-2013) and Invertigo Dance (2012-2013) in LA before we moved back home to Chula Vista in 2013.

24. If you are NOT an artist, educator, and/or possess professional qualifications and experience (as described in Question 1, above), please describe your competence, knowledge, and experience in cultural arts. (250 words or less)

Not answered

25. What would you hope to accomplish in the role of a Cultural Arts Commissioner? (250 words or less)

I would very much like to bring more theatre arts to Chula Vista. We have one community theatre company and no professional theatre company. Live theatre is an incredible draw to a city- in fact, San Diego County has a HUGE theatre market, between big theatres like The Old Globe, La Jolla Playhouse, and San Diego Rep, and small but excellent professional companies such as Cygnet, Moxie, Diversionary. (Not to mention the Civic Theatre, where one can see Broadway touring shows and much more!) People make the journey to San Diego to see professional live theatre. But Chula Vista doesn't have that draw. Not because we lack a will, but because we lack a space.

I coordinated a non-partisan community forum in January for the candidates for the 53rd congressional primary. As I looked

around town for a space to host the event, I was struck by the lack of theatre spaces available to the community above 150 seats. I could have used Southwestern College theatre, but our forum couldn't afford the rental space. We eventually used the Civic Branch Library, and we were very grateful for the opportunity, but it got me thinking more about the lack of community or professional space in Chula Vista.

I very much want to advocate for building and/or re-purposing a performing arts complex in Chula Vista to serve the South Bay. We can house a professional theatre company (or more) and have a space available for community use. We could have dance companies and traveling shows use the space. It can include an art exhibition area where we could feature local cultural artists. I imagine the future and it includes a thriving performing and fine art space for Chula Vista.

26. I understand that to be considered, I must submit a resume along with this application.

I'd like to improve quality of life for CV residents; increase and enhance community dialogue and civility. Serve the City in response to how much this community has provided for me and my family.

In business, my strength was building high performing teams. I've been assigned global teams from Asia, Europe, North America. Very successful at leveraging diversity. Advocate open, two way discussion founded on trust and respect. Always confronted complex issues or negative behaviors with respect. But confront you must, in order to move a team where you need to be.

I've successfully created and delivered critical, technical presentations to my company (Rohr/Goodrich/United Technologies), customers (Boeing, Airbus, Lockheed, etc), and suppliers at locations across the globe (Hanoi Viet Nam, Wolverhampton UK, Vienna Austria, Mexicali Mexico, etc). I understand how to gather information, establish strategies, build a plan to succeed, identify the critical path and monitor contributing actions to track to plan.

22. What would you hope to accomplish in the role of a Charter Review Commissioner? (250 words or less)

Serve my local government officials well, to allow them to improve their decision making. Enhance our community civility and reduce discourse/division. Listen to and convey inclusion to the section our population that feels disenfranchised.

22. What do you hope to accomplish in the role of a Healthy Chula Vista Advisory Commissioner? (250 words or less)

In the words of Jackie Robinson "A life is not important except in the impact it has on other lives". It's an honor and duty for community members to get involved with their local City government.

As the Student Trustee for Southwestern College, my responsibilities were focused on ensuring that the needs of all our students were represented and addressed. In this capacity I advocated, among other things, for resources that would protect vulnerable students, as well as helped lead projects that eventually created inclusive spaces for all students and college patrons. Generally, both my professional and volunteer work reflects my commitment to servant leadership.

I am currently the Community Development Coordinator for the YMCA-Youth & Family Services branch- the only social service entity that serves the entire County of San Diego. Our areas of focus include behavioral & mental health, transitional housing, youth & young adult development and family support and preservation. I have ample experience in fundraising, community relations, public speaking, grant writing, social services and strategic partnerships.

I would like the opportunity to represent the District 4 constituency via the Healthy Chula Vista Commission because we are perhaps the poorest community in Chula Vista with limited access and awareness about local facilities and resources. I would like to help increase partnerships and opportunities for residents, as well as local and public agencies, to utilize our City's amenities toward fostering a healthier lifestyle for all residents. I would also like to work on creating adequate public transit access and pedestrian/bicycle routes including safe routes to schools.

My life and professional experiences have provided me with many positive relationships among the various cultural groups in our community. I have a strong desire to serve because I understand and have lived the importance of fostering a stronger community through cultural understanding and the rights of all people. Access to health is a human right and should be afforded to a people.

I have been a proud and active member of our community for more than 30 years. After graduating from Chula Vista High School in 1989, I attended Southwestern College for two years where I earned a TAG scholarship to UCSD. I proceeded to earn a B.S. in general biology with a minor emphasis in Urban Studies and Planning, focusing on the U.S. health care system and preventive health care. I then had to decide whether to enter the health care or education profession. Since I had the opportunity to intern with a licenced home birth midwife, I tried that for two years. While I enjoyed my experience and learned a lot, being on call 24 hours a day made me realized that education would be more conducive to motherhood. I have worked as a middle and high school science and health teacher for the past 24 years, the last 19 at Palomar High School, where I have also served as ASB advisor, Health and Leadership Club advisor, TUPE (Tobacco Use Prevention Education) advisor, GSA (Gay, Straight Alliance) advisor, and after school program coordinator. I have participated in many trainings including Restorative Justice, Non- Violent Communication, Mental Health First Aid, etc. My M.Ed. program at SDSU taught me how to be a strong, inclusive leader who encourages positive communication and team work. As a parent, my husband and I managed and coached several AYSO, YMCA and Rosebank Elementary School soccer teams. While PTSO president at Hilltop Middle School, I was honored as HMS "Parent of the Year" for organizing 2 successful campus beautification projects. I also served for a short time as a docent at the Chula Vista Nature Center (now the Living Coast

Discovery Center). For the last 10 years, I have been very involved with my family's nonprofit organization, the Quin Murphy Foundation, which raises awareness about quality health care and provides scholarships to local students. Most recently it has been a pleasure volunteering for Community Through Hope by delivering food to local needy seniors and families during the pandemic. Bottom line is I am very passionate about promoting health in and making a positive difference in my community.

22. **What do you hope to accomplish in the role of a Healthy Chula Vista Advisory Commissioner? (250 words or less)**
As a member of the Healthy Chula Vista Advisory Commission, I would hope to be an advocate for all Chula Vistans, especially the ones who often feel voiceless, such as children, teens, people of color, senior citizens and those in the in LGBTQ community. I am very prevention-focused and like to analyze the root causes of health and social problems to come up with the best possible proactive solutions. There are currently several issues that are very important to address including the COVID-19 pandemic, food insecurity, domestic violence, and mental health. I would be very happy to work with other committee members to study, analyze and develop recommendations. It is worth noting that I am not bound to any special interests and would only do what is in the best interest of our community. I would ultimately want to foster strong relationships within our community to achieve our goals. It is my passion to help and empower people and I would be honored to serve my community in this role.

I have worked in science and medicine, including basic lab research and population research, over more than 10 years. As a family physician serving more than 1,000 local residents a year, both in the hospital and in the clinic, I hear every day stories of the challenges and successes people have in their struggles for health.

I hope to bring an evidence-based mindset to the commission, helping to interpret research studies to see what might be applicable to our community, and contribute with our own data collection and analysis where needed. There is so much we can do outside the walls of the clinic or hospital to prevent illness and improve functioning. I recently took a 200 hour course on Integrative Medicine through the University of Arizona, which focused on non-pharmaceutical approaches to health, including but not limited to prevention, nutrition, physical activity, sleep, mindfulness, stress, environmental exposures, spirituality and more

20. Are you, or have you been, involved in any local, civic, service or community groups?

(o) Yes

21. If yes, please list them

SD County Medical Society (Board Member); SD Academy of Family Physicians (member); Chula Vista Walking Club

22. What do you hope to accomplish in the role of a Healthy Chula Vista Advisory Commissioner? (250 words or less)

I love living in the city of Chula Vista and want to contribute to the health and well-being of the community as much as possible. I would like to increase the local community's access to high quality medical information and help people understand that attaining good health and healthy aging does not have to be complicated! We have a wealth of knowledge in the community. Simple daily activities can increase our sense of well being and interconnected-ness as a community, and this will create a safer and healthier city for us all. At the same time, we can work with local organizations and industry to find those simple "nudges" that can help make the healthier choices easier and more obvious for their employees and patrons to make for themselves. I would love to work with the senior centers and help with the healthy aging, active transportation, and parks planning groups and to give my medical input where needed, and learn from them how I can better serve members of our community.

23. You may upload a resume in addition to your application (optional).

Rodriguez Resume.pdf

24. The City understands meeting schedules and individual's availability may change. We ask that you consider the meeting schedule when submitting an application.

(o) I have reviewed the Healthy Chula Vista Advisory Commission regular meeting date, time and frequency.

25.

(o) I am familiar with the responsibilities of the Healthy Chula Vista Advisory Commission. I attest that the information I have provided is accurate and true.

Thank you,
City of Chula Vista

Not answered

9. Are you registered to vote in Chula Vista?

(o) Yes

10. Do you live within the City limits of Chula Vista?

(o) Yes

11. How Long?

21

12. Present employer

University of California San Diego

13. Occupation

Postdoctoral Scholar

14. Are you currently serving on a Chula Vista Board/Commission?

(o) No

15. Which one(s)?

Not answered

16. Have you previously served on a Chula Vista Board/Commission?

(o) No

17. Which ones?

Not answered

18. Per Chula Vista Municipal Code Section 2.25.030, I understand:

-If I am currently serving on a board or commission, I must resign from my current board or commission if I am appointed.

-I must have served at least 12 months on my current board or commission in order to be appointed to another board or commission.

(o) I have read and acknowledged the above statement.

19. Are you or have you been involved in any local, civic or community groups?

(o) No

20. Which ones?

Not answered

21. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas?

As a life-long citizen of South San Diego, and long-time resident of Chula Vista, I would take great pride in serving on the Sustainability Commission. I am a postdoctoral researcher at the Scripps Institution of Oceanography, one of the world's leading environmental research institutions. In addition, I teach courses at the University of California San Diego for the Environmental Systems and Climate Change Studies programs. Through my education and professional experiences (please

see the attached CV for details), I have attained a level of understanding of modern environmental issues that surpasses the majority of the public. As such, I am well-suited to be a commissioner.

22. What would you hope to accomplish in the role of a Resource Conservation Commissioner? (250 words or less)

I currently conduct research for the Center for Climate Change Impacts and Adaptation, leading the Resilient Futures: San Diego Bay project. I also conduct nearshore water quality research for the Giddings lab at SIO. My network of colleagues in environmental leadership across the county is vast, which I would use to present a critical perspective for the city of Chula Vista. My goal would be to make Chula Vista a leading city in the field of sustainability. I would also like to amplify the city's presence in regional meetings such as those lead by the San Diego Regional Climate Collaborative. I expect this to enhance visibility and awareness, in order to promote best practices in our city that are informed by the latest science.

23. You may upload a resume in addition to your application (optional).

24. The City understands meeting schedules and individual's availability may change. We ask that you consider the meeting schedule when submitting an application.

(o) I have reviewed the Resource Conservation Commission regular meeting date, time and frequency.

25.

(o) I am familiar with the responsibilities of the Resource Conservation Commission. I attest that the information I have provided is accurate and true.

Thank you,
City of Chula Vista
