My special areas of interest in City government are civic involvement and transparency. As a current employee of the City of San Diego, I have a deep understanding of the challenges and possibilities presented by local government and Civic involvement. I have experience working, and supervising employees, in both the private and public sectors. I have presented issues to City commissions in the past and have a deep appreciation of the positive influence that they can have over local policy.

To the International Friendship Commission I would bring the experience that comes with having lived internationally for 18 years. I hold dual citizenship (USA / Mexican) and am a proud resident of the City of Chula Vista. I am fully bilingual and would commit myself fully to any Commission appointment. I also have a scheduled trip to Irapuato, Mexico this month, which will further my knowledge about one of our sister Cities.

Further, I attended Southwestern Community College as part of my undergraduate degree. This experience entices me to open the opportunity to attend this great institution to students from our sister cities.

As a member of La Jolla Masonic Lodge No. 518 F&AM, one of the oldest and best respected Lodges in San Diego County, I have hosted international visitors on multiple occasions, often serving as translator.

By participating in the International Friendship Commission I would hope to be deeply involved in the planning and executing of cooperation via cultural interchange, built on a foundation of international friendship and understanding, mainly with our sister Cities.

I would be thrilled to visit and entertain visitors and exchange students from Odawara, Japan, Cebu City, Philippines, and Irapuato, Mexico. I feel that cultural and educational visits between these Cities is mutually beneficial and would be proud to help facilitate this cultural interchange.

24. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring

to those areas?

I've lived in Chula Vista My entire life; this city has become my home. As an involved city resident I can offer you dedication, persistence and most of all one who cares about your community. I have worked as the General Manager for the local McDonalds on East Palomar street for 8 years and counting. Through my team and work ethic I represent a program that works to empower underrepresented populations in our community. Team Ronald McDonald launches free educational assemblies that promote confidence building, character growth and leadership skills among the youth of Chula Vista. Additionally, we sponsor sports teams at local Chula Vista schools/recreational parks and in this way endorse physical exercise and wellness in our community. Through generous donations we show our appreciation for the Chula Vista K9 unit and Senior Police Patrol and thank them for their service and protection.

25. What would you hope to accomplish by your participation?

My goal as an asset to your program is to provide you with someone invested in promoting ties and relations within the Chula Vista community. One way in which I've done in the past is by collaborating with Japanese Ambassadors in an International student exchange program where I offered my home to host Japanese students and show them the rich wonders of Chula Vista.

Through my participation I also hope to promote the use of buying local resources to support locally-owned business, rather than nationally-owned businesses, where significantly more of your money is used to make purchases from other local businesses, service providers, and farms -- continuing to strengthen the economic base of our community.
