**21. What are your principal areas of interest in our City government, and what experience or special knowledge can you bring to those areas? (250 words or less)**

I am interested in the public safety aspect of the city government. I grew up, lived in and went to school in Chula Vista. I moved away for several years but moved back in 2005.

I was a police explorer then a police reserve officer in Chula Vista before getting hired by the San Diego Police Dept. where I stayed for over 30 years. I worked patrol as an officer, Agent and Sergeant. I was assigned to the training division where I spent my last 12 years. In the training division I coordinated the driver training and traffic classes for both the Regional Police Academy and San Diego Police Dept.

I was responsible for ensuring that recruits and officers received the required training. I was on several state committees that developed the training standards and the curriculum for both students and instructors.

I am currently a driving instructor for the San Diego Community College District teaching at the police academy.

**22. What would you hope to accomplish in the role of a Member of the Citizens' Oversight Committee? (250 words or less)**

The police and fire departments have very difficult jobs during these times. The public expects more and deserves that their tax dollars are spent wisely. I'm willing to work to work to accomplish those goals.

**23. I understand that to be considered, I must submit a resume along with this application.**
