2016 Growth Management Oversight Commission (GMOC) Recommendations / Implementing Actions Summary

GMOC RECOMMENDATIONS	STAFF RESPONSES & PROPOSED IMPLEMENTING ACTIONS
<p>1. <u>Libraries</u></p> <p>3.1.1 That City Council direct the City Manager to maximize use of available space by finding funding to renovate the Civic Center Library, focusing on the underutilized basement so that it could be accessible to the community, or serve as a revenue resource from potential tenants.</p>	<p>1. <u>Libraries</u></p> <p>3.1.1 Renovation of the underutilized lower level is underway. Space will be converted to a STEM (Science, Technology, Engineering, Mathematics) lab/maker space in cooperation with Qualcomm and Chula Vista Elementary School District. Estimated completion is July 2016.</p>
<p>2. <u>Police</u></p> <p>3.2.1 That the City Council direct the City Manager to monitor the recruitment programs and procedures for police officers so that the department will be properly staffed and response to Priority 1 calls can improve.</p> <p>3.2.2 That the City Council direct the City Manager to monitor the recruitment programs and procedures for police officers so that the department will be properly staffed and response to Priority 2 calls can improve.</p>	<p>2. <u>Police</u></p> <p>3.2.1 & 3.2.2 As part of the Police Department's Strategic Plan, the "People" initiative prioritizes recruitment and retention programs to develop the best possible staff to carry out the Department's mission. Unfortunately, the Department has the lowest sworn officer to population ratio in the region (0.93 per 1000 residents compared to the regional average of 1.31). Current sworn staffing levels have challenged the Department to meet its response thresholds.</p> <p>Although adequate staffing has been a concern for the Police Department to meet its GMOC response time thresholds, the Department seeks alternate solutions to meet the thresholds. The Police Department is in the process of updating its Computer-Aided Dispatch (CAD) system, which will include Automated Vehicle Location (AVL) technology. AVL will show dispatchers which units are closest to a given call, which will have a positive impact to police response times.</p>
