FROM: Eric Mosolgo, PE, CFM
SUBJECT: City of Chula Vista Growth Management Oversight Commission

Effective immediately, I am resigning from the City of Chula Vista's Growth Management Oversight Commission (GMOC).

I appreciate the opportunity to participate on the GMOC since 2013 and having the opportunity to deliver the commission's annual report to the City Council earlier this year. The experience has been productive overall, but I do have some concerns as I mentioned to you earlier.

Specifically, I do not believe the City provides all sections of the GMOC review process equal importance. In the area of the report that most closely matches my expertise, Drainage, the City has consistently returned duplicate responses that fail to address serious issues. Most troubling is the lack of backing data to support the City's responses. This is not a single year issue. The City's responses to this section have been consistently vague and unenlightening.

It has been interesting reviewing some of the other sections of the GMOC reports over the years. Thank you for all your assistance. It has been nice working with you and the other commissioners. I wish you all the best.

Eric Mosolgo, PE, CFM
