I'm very involved in the veterans/military community and have a great relationship with veteran organizations, community leaders and elected officials across the county of San Diego. Having a great relationship with community leaders and veteran organizations is vital to being able to

I am a long time resident of Chula Vista, both living and working in the city for decades. I have recently taken on a more involved role politically but prior I sought out community organizations as a representative for my jobs, such as Home depot and Sharp. 22. Please describe your interest in fostering better human relations in the City of Chula Vista.

To reach out to the community and help them find the voice that all groups crave. To help them find the representation they deserve and to listen and benefit the groups as a representative.

to reflect and help better the relations for all marginalized groups that call Chula Vista home.
