RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
CHULA VISTA ADOPTING A LIST OF PROJECTS FOR
FISCAL YEAR 2019-20 FUNDED BY SB 1: THE ROAD
REPAIR AND ACCOUNTABILITY ACT OF 2017 (RMRA)

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of our City are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, pursuant to the Streets and Highways Code (SHC) section 2034(a)(1), the City must adopt a list of all projects proposed to receive funding from RMRA, created by SB 1 by resolution, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City will receive an estimated \$4,427,612 in RMRA funding in Fiscal Year 2019-20 from SB 1; and

WHEREAS, this is the third year in which the City is receiving SB 1 funding and will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City has undergone a robust public process to ensure public input into our community's transportation priorities/the project list; and

WHEREAS, the City used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City maintain and rehabilitate ninety-five streets/roads throughout the City this year and hundreds of similar projects into the future; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that the City's streets and roads are in a "good" condition and this revenue will help City increase the overall quality of its road system and over the next decade will bring City streets and roads into an "excellent" condition; and

WHEREAS, the City's RMRA project list for FY2019-20 consists of poor condition arterial and collector streets as well as good condition streets; all functional class streets except alleys (Exhibit A); and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.
