## **DISCUSSION**

Since 1987, the City of National City has contracted with the Chula Vista Animal Care Facility to provide shelter and medical services to its residents. The City of National City desires to continue to contract for these services, and their City Council approved the attached agreement on June 16, 2020.

The City of National City conducts its own Animal Control and licensing functions through their Police Department. Animal Control officers use the CVACF for shelter services when they impound animals. National City residents bring stray animals and relinquishments to the shelter as well. The attached agreement is for a one-year term effective July 1, 2020, with three additional one-year options to extend the contract.

The pricing is based upon animal intake for the most recent calendar year. In 2019, animal intakes from the City of National City comprised approximately 16% of the animal intake. The contract price of \$434,333 for FY21 is commensurate with that proportion of shelter use.

#### **DECISION-MAKER CONFLICT**

Staff has reviewed the decision contemplated by this action and has determined that it is not site-specific and consequently, the real property holdings of the City Councilmembers do not create a disqualifying real property-related financial conflict of interest under the Political Reform Act (Cal. Gov't Code § 87100, et seq.).

Staff is not independently aware, and has not been informed by any City Councilmember, of any other fact that may constitute a basis for a decision-maker conflict of interest in this matter.

#### **CURRENT-YEAR FISCAL IMPACT**

Approval of the resolution results in no net fiscal impact to the General Fund. These funds are currently budgeted in the Animal Care Facility budget for fiscal year 2020-21.

#### **ONGOING FISCAL IMPACT**

There is no new ongoing fiscal impact to the General Fund resulting from approval of this resolution as the appropriation is fully offset by the revenue generated through this contract. Future allocations for these costs will be considered as part of the normal budget process.
